

UPS

The UPS extension obtains rates dynamically from the UPS API during cart/checkout.

General Setting

Enable/Disable Enable **1**

Method Title
This controls the title which the user sees during checkout.

Origin Postcode **2 Add your Origin Zip Code**
Enter your origin post code.

Method availability

Specific Target Countries

Debug mode Enable Debug Mode
This will output some debug information on your cart page, remember to turn this off when you done testing.

Order Limit
When the order's value over the limit, it will be shipped as free. "0" has disabled this feature.

Free delivery text
The text for showing free delivery.

Packing Setting

Handling fee or Discount fee
You can add or subtract an amount from your Shipping rate. You can provide a extra cost/discount cost for you shipping rate. Fee excluding tax. Enter an amount, e.g. + or -2.50, or a percentage, e.g. + or -5%.

Apply handling fee to the value of cart.
Instead of applying handling fee to shipping rate, apply it to the value of cart.

Unpackable products setting **3 Select a Unpackable product setting**

Choose Packing Method **4 Select a packing method**
Pack into boxes with weights, dimensions and volume.

Box Settings

Box must be selected for packing service(with a ticked box as an example)

Rate Option

Select shipping rate to display

Select shipping order to display

Fallback name
this method name will display to customer for fallback.

Fallback
If shipping method returns no matching rates, offer this amount for shipping so that the user can still checkout. Leave blank to disable.

Plugin Setting

User Name **8 Add your UPS account information.**
Your UPS user name

Password
Your UPS password

License Number
UPS Access License Number

Shipper Number
UPS Shipper Number

State Province Code **9 Check your State Province Code is correct for you UPS account.**
The origin state/province code, like CA in USA

Pick Up Option **10 Use the setting Customer Counter for Post Office Rates, what is used at http://ups.com**

Residential address Ship to residential address
Turn on this option will assume you will ship to residential address always. UPS usually adds some surcharge to ship to residential address.
